OVERVIEW OF HDF'S QURBANI DISTRIBUTION INITIATIVE

The Human Development Foundation (HDF) embarked on a significant Qurbani distribution initiative during Dhul Hijjah 1445, aiming to support vulnerable populations worldwide. Through the sacrifice of livestock, this program sought to address immediate nutritional needs, foster community support, and bring hope to the most disadvantaged members of society. This report details the distribution efforts, beneficiaries, and impacts across various regions, highlighting the collective effort and generosity of contributors.

OBJECTIVES AND GOALS

1 Alleviate food insecurity among vulnerable populations.

3 Provide essential nutrition to those in need during Eid

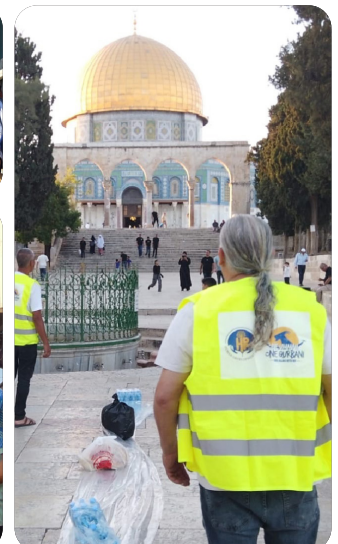

2 Foster a sense of community support and hope among beneficiaries.

4 Ensure the aid reached the most disadvantaged members of society, including widows, poor families, and orphans.

ISLAMIC SIGNIFICANCE

In Islam, the month of Dhul Hijjah holds great significance, particularly the first ten days, which are considered the best days of the year. Performing acts of worship and charity during these days is highly rewarded. The act of Qurbani, or sacrifice, commemorates the willingness of Prophet Ibrahim (AS) to sacrifice his son Ismail (AS) in obedience to Allah's command. This act of devotion and submission is honored by Muslims worldwide through the sacrifice of livestock, with the meat distributed to those in need.

Allah **جَلَّالٌ** says in the Quran

"It is neither their meat nor their blood that reaches Allah, but it is piety from you that reaches Him. Thus have We made them subject to you that you may magnify Allah for His Guidance to you. And give glad tidings to the Muhsinun (doers of good)."

Surah Al-Hajj (22:37)
