100 WORDS

Human Development Fund is a 501(c)(3) humanitarian organization working in 33+ countries. HDF was founded by Muslim Americans with years of experience in refugee camps, food distributions, and mobile clinics. That work taught them a hard lesson. Relief alone does not hold. Aid arrives, attention moves on, and the conditions that caused the crisis remain. HDF was built to break that pattern. The organization responds quickly, then stays to work alongside local partners on water, health, food, shelter, orphan care, and education. HDF holds a Candid Platinum Seal of Transparency and BBB accreditation. Learn more at hdfund.org
